HALAL POLICY PT KAO INDONESIA CHEMICALS

PT Kao Indonesia Chemicals is determined to maintain the reputation, customer loyalty, and image of its products by implementing a comprehensive Halal Product Assurance System (HPAS) in accordance with the requirements for the entire process line within the halal scope of PT Kao Indonesia Chemicals.

Employees of PT Kao Indonesia Chemicals has a very important role and responsibility in implementing HPAS and will always guarantee the product's halal status for customers with high enthusiasm.

PT Kao Indonesia Chemicals requires related employees to implement the entire HPAS, including:

- Protect and ensure the product's halal status of PT. Kao Indonesia Chemicals by implementing HPAS requirements effectively.
- Cooperate with suppliers and third parties, so that all raw materials are in accordance with halal requirements.
- Ensure all production facilities and equipment are in good condition and can be used to produce and store the products in accordance with HPAS requirements.
- Ensure all decisions which affect product's halal status are taken by related parties which have good knowledge and understanding of HPAS.

Karawang, 12th July 2022

Yasuhiko Maeda

President Director
