75 Years in BHP Chamber

February 19, 2019

Established in 1919, Business High Point Chamber of Commerce (BHP Chamber) celebrated a “Century of Success” at the local High Point Country Club during a special Membership Awards Celebration. During this gala event attended by state and local officials, Kao Specialties Americas LLC, formerly a textile chemical company founded in 1945 under the name of High Point Chemical Corporation, was honored for 75 years of membership.

As the Chamber celebrates its past and prepares for the future, they continue to reinvent themselves as a leader in high-tech manufacturing across an array of business sectors while traditional manufacturing sectors continue to evolve. Kao Specialties Americas LLC is proud to be one of the over 7,500 manufacturers in the state of North Carolina and are committed, as a partnering member of the Chamber, to fostering economic development and community growth for the next 75 years to come.
