Congresswoman Kathy Manning Visit

April 20, 2022

On April 20, 2022, KSA was pleased to host Congresswoman Kathy Manning for a visit and tour of our facility. Congresswoman Manning represents the 6th Congressional District in the U.S. House of Representatives in Washington, DC which incorporates Greensboro, Winston-Salem, and nearby areas.

Ms. Manning lives in Greensboro, so it was particularly interesting for her to learn more about one of the key chemical companies in her district. Ms. Manning was joined on this visit by Salima Thomas, District Director, U.S. House of Representatives, Quinlan Carroll, Manager, Political Mobilization, American Chemistry Council (ACC) and Wes Robinson, Sr. Director, State Affairs, ACC. KSA would like to thank the American Chemistry Council for coordinating Congresswoman Manning's visit.

**Thanks to
Congresswoman
Kathy Manning
for visiting KAO
