## Kao Specialties Americas LLC Celebrates 35<sup>th</sup> Anniversary

July 28, 2022

Kao Specialties Americas LLC, formally High Point Chemical Corporation, has crossed another milestone in our company's history. Acquired in July 1987 by Kao Corporation, we proudly celebrate our 35th anniversary this year.

Over the years, our valued stakeholders have played a significant role in the success of our company. We thank you for your support as we look forward to advancing our ESG-driven *Yoki-Monozukuri* values.

In Japanese, "yoki" means good or excellent, and "monozukuri" means making or craftsmanship. For us, Yoki-Monozukuri means an excellent creation process that is good for everyone involved and enriches the lives of consumers and customers.
