Kao Group selects Sedex

April 12, 2019

In order to globally promote supplier monitoring with a standardized method and identify potential risks in human rights due diligence, we are using Sedex, a global corporate ethics information sharing platform. Sedex is the abbreviation of Supplier Ethical Data Exchange. We encourage our suppliers to be Sedex members. Sedex members share information relating to labor standards, health and safety, environmental protection and business practices.

Kao Specialties Americas LLC has completed our self-assessment using this platform. We would like to connect with our suppliers and customers in Sedex. Please request a connection with us by using our Sedex ID ZC1092781.
